

Important roadworks information

Dear Sir/Madam

A120 Marks Farm to Marks Tey: resurfacing

I write to inform you that we'll be carrying out essential resurfacing at the above location. During this work, we'll also renew faded road markings and replace damaged road studs.

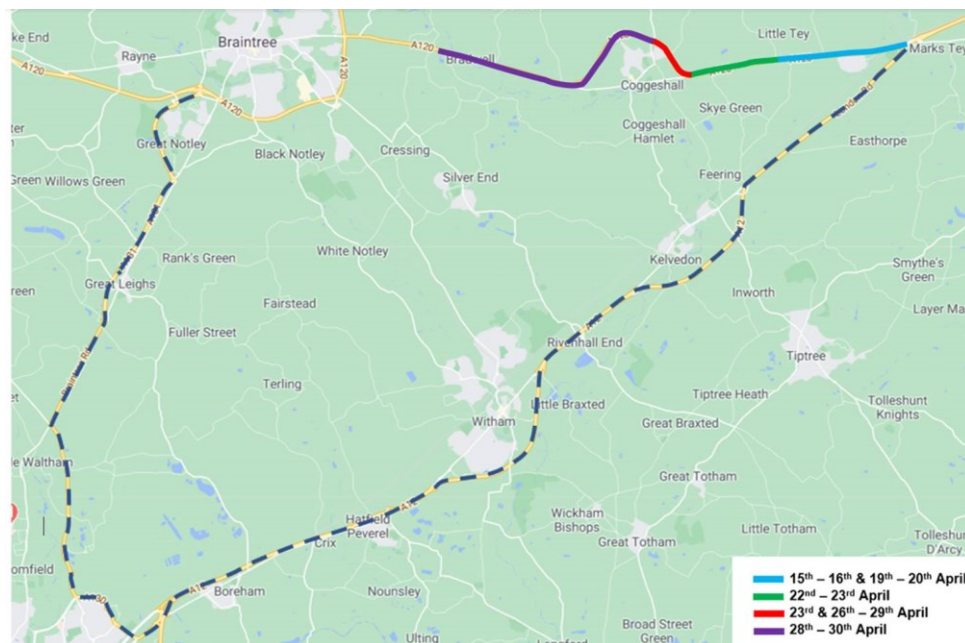

We plan to complete this work over **3 weeks** from **Thursday 15 April** to **Friday 30 April**, working between the hours of **8pm to 6am**, subject to weather conditions.

Due to the amount of work on this scheme, we've split the project into four phases. To deliver this work safely, we will require some closures. For more information about the location and dates of these closures please see the enclosed table.

We've closely liaised with the local authority to agree the most suitable diversion route, this will remain the same for each phase of the work.

Please see attached a table of the work programme providing details on closures, dates and the diversion route.
