

### STANWAY PARISH COUNCIL SIGNAGE

There is a desire to improve the standard of signs around Stanway. For example, at the playgrounds, there should be a sign stating the facility is managed by Stanway Parish Council and who to contact if there are problems. This is all part of the long-term plan to raise the profile of the council, so all signs would carry the Stanway ensign, and to help create a sense of identity within the parish.

Here are some suggestions:

1. Lucy Lane South play area
2. Silver Witch Green play area
3. Silver Witch Green adult gym equipment (when it comes)
4. Sports Field – rules and regulations
5. Swan Green

Company	Specification	Cost
Signage Ltd is a local company operating out of Peartree Industrial Estate. Previously I have circulated examples of their work. Obviously, other companies are available, but this is a local company and they have made many signs for other local parishes.	Supply 4 x 1220 x 915mm, 3mm aluminium panel, supplied with 2 x 2.5m aluminium posts, all powder coated to RAL of your choice. Graphics applied in digitally printed 5 – 7 year external vinyl with a gloss or matt laminate finish. Installation of all 4 signs, 2 men, tools and concrete for securing posts in soft ground. Survey of all sites will need to be done prior to installation, this will be to confirm the location and check the ground is suitable for installation. Subject to survey, if we require the use of a breaker due to hard ground, this will be an additional charge.	Total - £395.00 each  Total - £410.00 for all 4 signs
Impact Signs – a local company used previously by SPC.	To manufacture, supply and install 1 x aluminium composite panel 1220 x 915mm complete with a digitally printed and laminated graphic applied to the face. The sign will be installed using 2 x 2.5m x 76mm dia. powder coated aluminium posts (finished in black, white or grey) to give a height of 2m from ground level to the top of	Our price for the above work will be £565 + vat per sign incl. installation

	the sign. The signs will be secured into soft earth using a suitable aggregate mix.	
--	---	--

Planning permission is not required:

If the sign is to identify the site and advise of any rules or by-laws then it is allowed without consent as long as it is less than 1.550sqm in area. If it is to include some contact details as well, that would also be fine.

Robert Pomery BA (Hons), Dip TP, MRTPI

Below are some suggestions for signs:
